Han Jansen
Farmer, the Netherlands

I run a dairy farm, but I'm also a volunteer fireman. I'm always in my Dunlop wellies. They're the only boots in the world that don't give me an aching back.

Purofort® guarantees you long-lasting comfort

Purofort® is the unique Dunlop® material with millions of evenly distributed air pockets making it lightweight and thermally insulating plus a cross-linked structure that provides flexibility and strength. Purofort® guarantees you long-lasting comfort.

PUROFORT® BENEFITS

LIGHTWEIGHT

Purofort® boots are up to 35% lighter than PVC, rubber or competitive PU boots. No more tired feet!

EXCELLENT COLD INSULATION

Purofort® prevents heat loss and provides thermal insulation down to -20°C and even to -50°C. No more cold feet!

FLEXIBLE

Purofort® is extremely flexible, giving you maximum comfort.

MAX STRETCH

Purofort® provides maximum stretch, assuring your boots a longer life-time.

Cross contamination solution

Bacterial infections

Prevention of cross contamination and infection is becoming increasingly important in a farming environment. Hygiene and non transference are of the utmost importance to avoid every risk of contamination. This is why Dunlop® products have dirt repellent outsoles which are easy to clean, whilst providing excellent slip resistance.

Andy Jeffery

Farmer, United Kingdom

To have the right bit of kit to do a particular job is very important. That goes from a tractor, you know, the top end, to what you wear on your body and what you wear on your feet. So I'm very happy with my new Dunlop® wellies.
